

Faith. Family. Formation for Life

Dear TC Family,

At Turlock Christian, we know this year has held both deep joys and real challenges. Yet as we continue walking this road together, I am reminded again and again of how much God has given us to be thankful for.

We see His goodness in the smiles of our children.

We see it in their growth - academically, spiritually, and personally.

We see it in their success in the classroom, in their co-curricular pursuits, in their athletic competitions, and in the leadership they demonstrate in programs like Agricultural Leadership and FFA.

We see God's hand in the calling, faithfulness, and love of our teachers and staff, men and women who show up every day not just to teach, but to shepherd, guide, and steady the hearts of our students.

And we see His presence in the life of this community: in the way families care for one another, pray for one another, and continue to stand together. Scripture reminds us,

“Do not grieve, for the joy of the Lord is your strength.”

Nehemiah 8:10

That truth feels especially important in this season. In the middle of every challenge, every uncertainty, and every demand, the Lord has already placed joy among us, and that joy becomes our strength. And these scriptures in James remind us,

“Consider it pure joy whenever you face trials of many kinds, because you know that the testing of your faith produces perseverance.”

James 1:2-3

Even in the moments that stretch us, God is at work shaping something deeper and stronger in our students and in our community.

That is why TC is such a special place.

At Turlock Christian, education is not simply about preparing students for the next test, the next game, or even the next stage of life. It is about shaping who they become. From our youngest learners in Preschool and Kindergarten to our graduates stepping into college and calling, we are committed to helping students develop strong minds, strong character, and most importantly, a strong and lasting faith in Jesus Christ.

In today's world, families have many educational options. But what makes TC unique is that we are not trying to separate faith from learning, or values from academics. Instead, everything we do is rooted in a Christ-centered worldview. Our students are taught not only how to think, but how to think in light of God's truth.

Here, children are known.

They are prayed for.

They are challenged academically.

They are encouraged spiritually.

They are given opportunities to discover their gifts - in the classroom, on the stage, on the field, in leadership, and in service to others.

And perhaps most importantly, they grow up surrounded by a community that is walking the same direction together - parents, teachers, pastors, and supporters who believe that raising the next generation to know and follow Christ matters deeply.

This is why so many families choose the journey from PK all the way through 12th grade. Because the years of childhood and adolescence are not just about education, they are about formation. And when students spend those years surrounded by truth, encouragement, accountability, and Christ-centered relationships, the impact lasts far beyond graduation.

At TC, we are more than a school.

We are a family - Christ's family. An eternal family where students form friendships and relationships rooted not just in shared experiences, but in shared faith.

As we look ahead, may we continue moving forward together in faith, holding fast to the love and support of this community and to the future God is preparing for us.

By His grace, we will continue building something meaningful, spiritual, beautiful, and generational, raising students who are grounded in faith, strong in character, and prepared to step into the world with wisdom and purpose.

And what a privilege it is that we get to do this together.

In Faith, Family, and Future,

Johanna Fischer

TC Chair of the Board
