

## God has been faithful through it all.

---

Dear TC family,

In 1969, Turlock Christian School opened with 12 students in kindergarten through second grade. Those families took a step of faith because they wanted something lasting for their children: an excellent education grounded in God's Word.

More than 50 years later, that hope has touched generations. As an alumna, a parent, and a grandparent, I have seen TC from different seats over the years. I have seen teachers help students grow in knowledge and character, learn through a Christian worldview, discover how God has gifted them, and come to know whose they are.

Our school has known seasons of growth and seasons of difficulty. There have been times when we could see a clear path forward and times when we had to take the next step in faith. Through it all, God has provided through teachers, families, churches, grandparents, alumni, and friends who have prayed, served, and given. That is part of TC's history of hope.

Romans 15:13 reminds us:

***“May the God of hope fill you with all joy and peace as you trust in him...”***

There are certainly two ways we use the word hope. One says, “I hope that happens.” It is a wish. We want something to happen, but we don't know whether it will. Christian hope is different. Godly hope is confidence rooted in Christ. It is confidence that God is faithful, that He is at work, and that we can trust Him with what comes next. And when hope is real, it becomes visible.

It was visible when those first families opened a school for 12 children. It is visible today when a teacher stays with a struggling student, a parent welcomes a new family, a grandparent prays, or a supporter gives so that another student can be part of TC. The people and circumstances change, but God continues to work through this community.

I would love to encourage you to join us at our [Season of Hope Gala](#) this November. We will gather to remember God's faithfulness across TC's history, celebrate what He is doing in our students today, and help make this education possible for those who come next. I hope you will come and be part of that evening.

Thank you for being part of TC's story. We can look ahead with hope because the God who has been faithful through every season is still with us.

In Faith, Family and Future,

*Johanna Fischer*

Chairwoman
